

## European Insurance Market Breakfast Briefing

Spaces limited and on a first come first served basis  
Please email: [gemma.fishel@camradata.com](mailto:gemma.fishel@camradata.com) to reserve your space

**CAMRADATA in partnership with INDEFI are delighted to invite you to our breakfast briefing on the European insurance market.**

---

INDEFI will present an overview of their up to date research report which captures the broad change in business mix, asset allocation and third party outsourcing within European insurers, following in-depth discussions with senior decision makers (CEO, CIO and head of asset management) at 117 insurers across 14 different markets in continental Europe.

The INDEFI research maps out the rapidly growing opportunity for managing insurance assets and solutions, driven by enhanced regulatory constraints and the search for yield, which has resulted in rapid asset allocation diversification.

The briefing will highlight how a backdrop of regulatory change, low yields and evolving consumer needs are becoming the key drivers behind a fundamental and lasting transformation of the European insurance market. With a total size of nearly €8 trillion, the European insurance market shapes up to be the biggest opportunity for third party asset managers, for years to come.

---

*Following the briefing there will also be the opportunity to find out how to access the report which also comes with one to one consulting time with INDEFI contacts.*
